COMMEMORATIVE WOODS

For nearly 30 years, the Ausable Bayfield Conservation Foundation has been raising funds for conservation, preservation and protection of the unique natural landscapes of the Ausable River, Bayfield River and Parkhill Creek watersheds. Included in this are commemorative woodlands in which families and individuals can leave a legacy in memory of a loved-one who is gone but not forgotten.

At the Morrison Dam Conservation Area, plans for the ever-expanding commemorative woods program include a reflection shelter which will overlook the tree plantings. It will feature a special oak-tree-inspired wall to recognize donors and to commemorate loved-ones on individual oak leaf plaques. The metal tree sculpture and leaves were designed and will be produced by local high school students. There will be a seating area for visitors who wish to spend a few moments in the tranquil surroundings.

This is your opportunity to participate in building this unique community structure.

The dividing wall in the shelter will feature a metal sculpture of an oak tree which symbolizes strength and long life: it will include leaves and plaques to recognize memorials and donors. Also incorporated into the design is a walkway and patio with engraved pavers.

DONORS ARE INVITED TO PARTICIPATE WITH IN-KIND CONSTRUCTION AND MATERIAL DONATIONS AND CASH DONATIONS AT THE FOLLOWING LEVELS:

Less than \$100

Recognition in donor record book at Morrison Dam Conservation Area

ALL OF THE FOLLOWING DONATIONS WILL BE RECOGNIZED ON LEAVES AS PART OF THE METAL SCULPTURE OF AN OAK TREE WALL OF THE WOODLAND REFLECTION SHELTER:
